

Appendix A

Proposed Desert Tortoise Conservation Strategy

Changes to this chapter in developing the FEIS

1. Public land acreages within proposed DWMAs have been updated to reflect Catellus Phase II and III acquisitions and exchanges

Appendix B

NEMO Implementation Strategy

Changes to this chapter in developing the FEIS

2. Table B.4 DT DWMA Cattle Leases has been updated based on interim changes in the status of allotments and leases
3. Table B.5 DT DWMA Burro Management has been updated based on changes in the Proposed Plan
4. Table B.6 Route Designation, the implementation schedule for routes of travel in the planning area has been clarified
5. Minor editing

Appendix C

Description and Strategy For Addressing Major Desert Tortoise Issues

Changes to this chapter in developing the FEIS

6. Updated Section C 4.3 to reflect change in Proposed Plan for WH&B
7. Minor formatting changes from table to text to improve readability

Appendix D

Desert Tortoise Monitoring

Changes to this chapter in developing the FEIS

8. New, clarifying Section D 3.7 on Short-Term (Utilization) Monitoring
9. Minor formatting

Appendix E

Cattle Grazing Use Guidelines in NEMO Desert Tortoise Habitat

Changes to this chapter in developing the FEIS

1. Minor editing to Cattle Grazing Use Guidelines.
2. Deleted WH&B Use Guidelines: Proposed Guidelines are developed jointly with RAC (Desert Advisory Council) and have only been developed for Cattle Grazing.

Appendix F

New Surface Disturbances and Rehabilitation Strategies

Appendix G

Recommended Special Management Actions for T&E Plant Conservation

Appendix H

Recommended Special Management Actions for Conservation of the Amargosa vole

Appendix I

Species of Special Consideration in NEMO

Appendix J

Upland Public Lands Assessment Criteria / Proper Functioning Condition

Appendix K

Current Management Situation

Changes to this chapter in developing the FEIS

1. Some mining laws added in Federal Laws section
2. Updates to Minerals section to reflect thresholds established in the new mining rules for notice and plan of operations in MUC.
3. Updates to the Wild Horse and Burros section to include additional information on historic use and put current management in context.

Appendix L

Planning Criteria for the NEMO Planning Effort

Appendix M

Summary of CDCA Plan Maintenance Actions Resulting from the California Desert Protection Act (CDPA)

Appendix N

Land Tenure Strategy for the NEMO Planning Area

Changes to this chapter in developing the FEIS

1. Minor updates to public land acreage within DWMAs with the inclusion of Phase 2 and 3 Catellus/Wildlands acquisitions and exchanges, and the small change based on the Nipton (Freeman) exchange.

Appendix O

Wild and Scenic River Eligibility Report for the Amargosa River

Appendix P

Development of Standards for Public Land Health and Grazing Management Guidelines

Appendix Q

Route Designation Process, Methodology and Results

Changes to this chapter in developing the FEIS

1. Addition of Table with specific route designations
2. Addition of Table with specific waters strategies
3. Made minor edits to the narrative on route inventory and approval process for desert tortoise subregions, including definitions used.

Appendix R

List of G-E-M Resource Areas

Changes to this chapter in developing the FEIS

1. Minor formatting

Appendix S

Wild and Scenic River Eligibility Report for Cottonwood Creek

Appendix T

Wild and Scenic River Eligibility Report for Surprise Canyon Creek

Appendix U

Public Concern Statements and Analysis

New Appendix

Appendix V

USFWS Biological Opinion for Threatened and Endangered Plants in the Mojave Desert

New Appendix

Appendix W

USFWS Biological Opinion for Threatened Desert Tortoise in the Planning Area

New Appendix
